THROUGH:

C/PPS/DO

SUBJECT:

Memorandum of Appreciation

1. The purpose of this memorandum is to extend my thanks for your rapid and knowledgeable support two weeks ago. The material you provided me on Soviet active measures and disinformation was the single most useful body of information from any of the offices I contacted. It was critical to the material I gathered for the DCI's speech on the same subject.

2. Again, thank you for your rapid and highly capable response.
